## General Robert E. Lee

THE  
CHRISTIAN GENTLEMAN  
AND THE  
Hero of a Hundred Battles

BREATHED HIS LAST  
At 30 minutes past nine, this morning,  
Aged 63 years, 8 months and 23 days.

### Death of Robert E. Lee.

The words which a few days ago hundreds of thousands were dreading to hear have been flashed across the wires, and today a world knows that ROBERT E. LEE, "the christian gentleman and the hero of a hundred battles" is dead. Throughout that world the good and pure everywhere mourn his loss, not perhaps, as we of the South—who have lost our leader, guide, counsellor, friend and father—mourn, but with a sorrow profound in its depth and sacred in its sincerity. With us words are now of no avail. They cannot express our agonized feelings, they cannot build up our shattered hopes. Our LEE, whom we delighted to honor and to love and to trust, shall no more in this life glorify and sustain his countrymen of the South. We knew that he was without guile. We knew that the world had never seen a better Christian nor a braver man. We knew that he loved us and our cause with a devotion which recognized no limit save that of an honor untarnished and impregnable.

We know now that he has crossed the mysterious river; that he is with Jackson and Polk; that the glorified trio of saints are mingling with their praises of the Three in One intercessions for the people and the cause they loved on earth; and we humbly bow our heads in submission to the will of Him who doeth all things well.

### The Speaking on Saturday.

A large and interested audience were in attendance here Saturday to hear Messrs. Clementson and Bradford speak on the political issues now before the people. Both gentlemen acquitted themselves with credit, which their well-known capacity and the fact of their both being on the right side rendered an easy task.

Colonel Bradford referred earnestly and eloquently to the dangers threatening republican institutions in this country, institutions which must before long be destroyed unless the schemes of designing and treacherous Radical leaders are thwarted by the good sense and patriotism of the people. He spoke of the many wrongs which had already been inflicted on a free people by an unscrupulous and constitution-defying Congress, and trusted that the term of power of the men now composing it was fast drawing to a close. He expressed the deepest personal interest in the welfare of the whole country, which could only be secured by an honest and impartial administration of affairs. Colonel Bradford's remarks were listened to with marked attention, and we are sorry that we cannot give our readers an extended report of them.

Hon. John M. Clementson followed in one of his best efforts. He never fails to interest an audience, and on this occasion was peculiarly successful in vindicating the principles of the great party opposed to Radicalism. Laying aside personal interests, he, like Colonel Bradford, is animated only with a desire to see the right triumph, and a laudable ambition to discharge his duty in the great contest which is going on.

Our candidate for Representative, Mr. H. A. Chambers, and for the Senate, General John C. Vaughn, each made a few well-timed remarks, and thus closed one of the most pleasant and profitable political meetings it has been our fortune for a long time to attend.

MULLINS, who used to electrify the world by his eloquence in Congress, wants to get back to that body. We know of no objection to his doing so except on the part of his late constituents.

### General Brown's Position.

General Brown has stated distinctly: That he is not the advocate of secession and never was in favor of it. That the platform of the Convention which nominated him regarded as unconstitutional the peculiar legislation to enforce the Fifteenth Amendment, but does not touch the amendment itself.

That he wants free trade and no tariff, except one for revenue.

That he makes no war upon the public debt, is not in favor of repudiation, and would never dream of repudiating an honest debt.

That he wants to see this country perpetuated, and its flag float for all time to come over an undivided people. He is ready to defend that flag and would lay down his life in defence of it.

Notwithstanding General Brown thus distinctly announces his position, and that of all his supporters, the Radical politicians of Tennessee, headed by Horace Maynard—for he is the brains of his party in this State—try to make the people believe that treason and secession lie lurking in every line of the Nashville platform, and bristle in every hair of each one of its defenders. Perhaps the result of the November election will show that even in this Congressional District their dupes are in the minority.

### The Recent Elections.

The Democratic party has made decided gains in the States of Indiana, Ohio and Pennsylvania, as proved by the recent elections. Altogether the Radicals have lost eight or nine Congressmen. The State Democratic ticket was carried in Indiana by a majority of over two thousand.

The most significant defeat the Radicals have met with was that of Schenck, of Ohio. He was the peculiar champion of the protectionists, and every effort was made to secure his election. As it is, it is very doubtful whether Congress will admit his gallant and successful competitor, Lewis D. Campbell. He is not one of their kind.

### The War News.

At last a gleam of hope can be seen for the French cause. The telegraph, which has been bringing almost daily news of unaccountable Prussian triumphs, has suddenly changed its tune. The gallant Bazaine has fought his way out of Metz, inflicting severe injury on the enemy. His army is rapidly reorganizing, and he will soon be able to act freely and with effect. General Trochu is said to have led a brilliant sortie from the walls of Paris repulsing the enemy in every direction. The victory has caused immense enthusiasm.

The bombardment of Paris has not commenced, and in view of recent events and the fact that Bismarck is reported as becoming very anxious to effect a peace, there is reason to hope that the beautiful city may be spared such a fate.

### East Tennessee.

The Union and American says: We have by private letters, and otherwise, most gratifying accounts from East Tennessee. The nomination of Gen. Vaughn in the 7th Senatorial District gives general satisfaction, and Senator Clementson will support him heartily. The prospect is good for the election of Blizard over Maynard in the 2d Congressional District, and of White over Random Butler, Taylor and McKinney, in the 1st. We trust the friends of constitutional liberty and good government will leave no stone unturned to accomplish results so desirable in those districts.

When James Saxton, editor of the Canton Repository, the oldest paper in Ohio, heard of the battle of Sedan, and the capture of the Emperor, he wrote and published an account of the event in a column parallel with a reprint of the account he wrote and published in the same paper of the surrender of Napoleon at Waterloo, in 1815. He is the only editor, probably, in the world who has written of the exit of both Napoleons in the same paper.

In answer to the call of many of the best citizens of Knoxville Mr. Charles McGhee has consented to become a candidate for the Legislature. We imagine this to be a case in which real sacrifices will be made by the candidate for the people's good. Such things are often talked about, but seldom occur.

Colonel Blizard and Mr. Maynard speak to-day at Montgomery, Morgan county, which winds up their joint appointments, as heretofore published. We have the strongest faith that our candidate is gaining friends for himself and his cause, and expect to see the fact demonstrated on election day.

The candidates will speak at Knoxville on Saturday next, the 22d inst., at Marysville on Monday, the 24th, at Athens on the 26th and at Cleveland on the 27th.

### ROBERT E. LEE.

#### Public Expression of Sorrow by Our Citizens.

At a meeting of the citizens of Sweetwater and vicinity held on Saturday afternoon last, to express their grief at the death of General Robert E. Lee, Colonel John E. Ramsey was called to preside, and a Committee appointed to prepare proper resolutions.

A beautiful and touching address was delivered by Rev. W. H. Crawford, himself a native of the State which gave to the world the illustrious man of whose virtues he so eloquently spoke.

At an adjourned meeting held at the Presbyterian Church on Tuesday morning Rev. W. W. Morrison, in a few well-chosen words, paid a feeling tribute to the memory of our dead chieftain, after which the following resolutions were adopted. As will be seen they are, with slight alteration, the appropriate resolutions adopted in the city of Chattanooga:

WHEREAS, It has pleased Almighty God, in His infinite wisdom, to remove from this earth General R. E. Lee; therefore, be it

Resolved, That we, the ex-Confederate soldiers and other citizens of Sweetwater and vicinity, holding in the highest regard the life and character of this grand and heroic chieftain, do hereby desire to express our profound sorrow at his death, our unmixt admiration of his life and pure character, and do tender to his bereaved family our most earnest sympathy at a loss in which a nation shares.

Resolved, That we do express our conviction that no nobler spirit ever passed from earth; that he was a man, in his honor impregnable, in his simplicity sublime; no country ever had a truer son, no cause a grander champion, no people a bolder defender, no principle a purer advocate.

The cause for which he struggled is lost; the people for whom he fought are crushed; the hopes in which he trusted are shattered; but his fame consigned to the keeping of that time, which happily is not so much the tomb of virtue as his shrine, shall, in years to come, first and foremost to noble ends. A bereaved people mourn him. The world will proudly claim him, and history will cherish him among those choice spirits, who, holding consciences unmixt with blame, have been, in all conjunctures, "True to themselves, their country and their God."

### The Colored Voters Speak.

NEAR KELSIO, 8th CIVIL DIST.,  
MONROE CO., OCT. 15, '70.

GEN. VAUGHN—Dear Sir—We, the colored voters of this district are glad to see you are a candidate for the Legislature. Several of us have known you since we were play boys together, and always found you a true friend to us and our race. The black man, slave or free, always found a true friend in you, and we intend to lay aside all party feelings and support you freely, and in doing so we feel certain that you will advocate, if elected, such laws as will do equal justice to all men, black as well as white, and the poor as well as the rich. We know where to count you, and when you tell us you are for a certain measure, or promise us anything, we feel certain it will be done. You were an officer in the Confederate army we all know, but we believe you and your friends are our true friends, and we can safely say so to the colored voters all over this district, and we ask them to forget their prejudices and come out and support you and our friends. The action of the late State Convention which made a new constitution granted the black man more than any other party ever did before, and we know that we have more rights here in Tennessee than our race have in many of the Northern States. We are here allowed to sit on juries and hold office, and in fact we have all the privileges any white man has, and these privileges and rights were granted us by a convention whose President, General John C. Brown, and nearly all its members, were in the rebel army and men who sympathized with them. Therefore, no colored man need doubt any longer who their friends are, and so far as we are concerned we shall support those whom we know and can trust.

Alexander Dyer, Peter Carden, John Harris, Austin Satterwhite, Rufus Walker, Charles Hunt, John McDermott, Esau Carden, Jackson Tyler.

### Negro Testimony—A Test Case.

The grand jury of the United States Circuit Court yesterday returned an indictment against Hop Price, Judge of the Louisville City Court, for refusing to receive the testimony of a negro against a white man, who had been arrested upon the charge of assault and battery on the negro. The laws of the Commonwealth conflict with the amendment to the Constitution of the United States relative to negro testimony, and Judge Price, conceiving it his duty to support the constitution of Kentucky in preference to all other laws, rendered his decision in accordance therewith. The punishment for the offense is a fine not exceeding \$1,000, or imprisonment not exceeding one year, or both, at the discretion of the court.—Louisville Courier-Journal, 15th.

A CORRESPONDENT of the Press and Herald, writing from Claiborne county, says that Colonel Blizard has fully sustained his cause there, and predicts that he will carry the county.

A POWDER MAGAZINE exploded at Alexandria, Virginia, on the 17th instant and fifty persons were killed. Disaster after disaster seems to follow fast and follow faster in the good old State.

A HURRICANE, followed by an inundation, visited the Island of Cuba on the night of the 17th. The interior of the island, back of Matanzas, is desolated. The loss of life was fearful and is estimated at two thousand.

Religious services have been in progress for several days at the Presbyterian Church in this town. The meetings are very well attended and much interest is manifested.

### Chips.

An all-roaring bore-all-of-us is not an unusual phenomenon in a newspaper office.

The Prussians will not mind a winter campaign if the French make hot for them.

An Indiana Judge has been named "Old Necessity" because he knows no law.

Incendiaries have made another attempt to destroy Cuthbert, Ga.

Some parts of Texas show a gain of fifty-six per cent. since 1869.

Gen. Lee had accepted an invitation to be present at the Augusta Fair.

Florida has gained in population about sixty thousand since the census of 1860.

There are two men in Montgomery, Ala., whose joint weight is not over 180 pounds.

The mates of the ship Brooklyn fought each other with axes, in Mobile harbor, the other day.

In Marshall county, Miss., the wild turkeys are reported as dying of the chicken cholera which has for some years been very fatal to the domestic poultry of that country.

Mr. John C. Williams, a well-known citizen of Fayetteville, N. C., was found dead in the creek near that town, Tuesday last week, with his neck broken. He is supposed to have fallen from a precipice above the waters of the creek.

On Thursday night last the nine captains of Maryland oyster vessels, who were confined in jail at Drummondtown, Accomac county, Va., broke jail and escaped, and have reached their homes in Maryland. The vessels are still held by the Virginia authorities and are strongly guarded.

A set of handsome silver ware, of the value of \$160, is to be presented to the most popular lady at the Catholic Fair in Atlanta—which is to be held this week. The lady receiving the highest vote is to be entitled to the prize. It is to be presented by "three of the most prominent members of the Slippers Club of Columbia, Ga."

The Radicals of Iroquois county, Ill., hoping to decoy the Copperhead vote, have nominated Thos. Vennum for the Legislature.

We learn that the State Executive Committee, of the Radical party, are to meet in Nashville to-day. For what purpose the Committee is to meet we are not informed, but suppose it is to withdraw the "Old Lady" from the candidacy for Governor and place a man on the track who can compete with Gen. Brown.

GEN. BROWN has returned to his home in Middle Tennessee, and after filling a list of appointments in the other two Divisions of the State, will return to East Tennessee and make a few more speeches before the close of the canvass. We have not yet seen a list of his appointments.

### From Josh Billings.

OFFICE OF "JOSH BILLINGS FARM,"  
ERS ALMANAX FOR 1871.

My Dear Editor: Sum men are born grate, sum git grate after they are born, sum git gratest hove upon them, and sum aint troubled with neither.

### AGREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE A VILE

FANCY DRINK.

Made of Pure Rum, Whiskey, Proof Spirits and Infused Liqueur, doctored, spiced and sweetened to please the taste, called "Tonic," "Appetizer," "Restorer," &c., that lead the tippler on to dissipation and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and a LIFE GIVING PRINCIPLE, a perfect Restorative and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Induratory and Chronic Rheumatism, Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulder, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offerings of Dyspepsia.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Itch, Worms, Scald Head, Sore Eyes, Erysipelas, Ring Worms, Discolorations of the Skin, Hymen and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE AND OTHER WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

SICKNESS PAIN AND DEATH

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frame, the dejected brow, the tottering gait, all indicate previous transgression of law. Knowing that "you-cannot-escape-the-law-of-time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more time and pay more money. Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering and dying from the effects of some dread and dreadful

### FEMALE COMPLAINT.

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms. Leucorrhoea, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the system and other serious and fatal complaints, follow the female sex throughout life. Lives there a medical gentleman who has or can relieve the fair sex of these troubles? Not many. Is there no combination of medical agents that will come to her rescue? We answer, yes.

English Female Bitters, The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredible short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Younger stands pale, feeble and languid girl, just bursting into womanhood: she is the pride of all, but hark! she silently steals a pickle, eats chalk, or a slate pencil; no appetite for food; she turns with a dull eye and seeks solitude; her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she moans about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, and a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, heartburn, a fine settles under the eye, the legs and ankles are swollen, the hair loses its gloss and falls off, there is brittleness and splitting in the fingernails, swollen abdomen, extreme nervousness, fretfulness, pains and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

### DEATH IS AT THE DOOR.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles, and the known property of iron in regulating and restoring all females suffering with any affection of the womb, which is the Citrate. Citrate of Iron enters largely into the composition of Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and gritty rock, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This rock we have obtained, gave it a fair test in our practice and it is now one of the principal ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Lepidaria or Black root, sufficient to act upon the liver and keep the bowels open.

### BLOOMING YOUNG GIRLS.

Young girls, those at the critical period, and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescent from any protracted or "debilitating" complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

### COMMON GROC-SHOP BITTERS.

Empty Bitter Bottles, of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are advertised to cure almost every disease, while the manufacturers know they possess no medicinal properties whatever. There are so many disguises for exceedingly common beverages which do not, nor cannot possibly cure any one.

Beware of the cheap Bitters in quart bottles, they contain a sting for your ribs, and he who buys them carries a "tope" grog into his house. One man who knows nothing about medicine, says his big bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind, and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colds, growing nails, yellow fever, heart disease and low-spiritedness. We know they make no such cures, we know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all:

### ONE HUNDRED DOLLARS

That one tablespoonful of ENGLISH FEMALE BITTERS contains as much medicinal properties as one bottle of any of the pleasantly tasted common advertised Bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

Put up in large bottles at \$1.50 per bottle, or six bottles for \$8.00, and sold by druggists and merchants everywhere.
